available to their students via dashboard a learning and assessment tool which provides sophisticated analytics for student achievement and engagement with the resources also facilitating discussions and course updates

this is an australian title written for one semester introductory finance undergraduate and postgraduate courses it aims to provide a solid and rigorous introduction to the basic fundamentals of finance and has been completely revised and updated to reflect changes in financial theory and practice

courses in corporate governance and corporate social responsibility are growing in number at universities in many countries this textbook covers corporate governance for the uk market

much of the existing literature within the varieties of capitalism voc and comparative business systems fields of research is heavily focused on europe japan and the anglo saxon nations as a result the field has yet to produce a detailed empirical picture of the institutional structures of most asian nations and to explore to what extent existing theory applies to the asian context the oxford handbook of asian business systems aims to address this imbalance by exploring the shape and consequences of institutional variations across the political economies of different societies within asia drawing on the deep knowledge of 32 leading experts this book presents an empirical comparative institutional analysis of 13 major asian business systems between india and japan to aid comparison each country chapter follows the same consistent outline complementing the country chapters are eleven contributions examining major themes across the region in comparative perspective and linking the empirical picture to existing theory on these themes a further three chapters provide perspectives on the influence of history and institutional change the concluding chapters spell out the implications of all these chapters for scholars in the field and for business practitioners in asia the handbook is a major reference work for scholars researching the causes of success and failure in international business in asia

the urgent and sustained interest in corporate governance is unprecedented with the connections between corporate governance and economic performance being

emphasized by the world bank the imf and others in the global economic community in this timely and definitive intellectual analysis of a key discipline the sage handbook of corporate governance offers a critical overview of the key themes theoretical controversies current research and emerging concepts that frame the field consisting of original substantive chapters by leading international scholars and examining corporate governance from an inter disciplinary basis the text highlights how governance issues are critical to the formation growth financing structural development and strategic direction of companies and how corporate governance institutions in turn influence the innovation and development of industrial and economic systems globally comprehensive authoritative and presented in a highly accessible framework this handbook is a significant resource to those with an interest in understanding this important emerging field

the first five minutes of a classroom experience are critical the tone set in a session s opening minutes can significantly impact and influence in both positive and negative ways the quality and nature of the subsequent learning experience how students spend that time can also have a positive impact on their learning in both the short and long term when the opening minutes of a class are approached as an opportunity to build student connections collaboration and community all learners benefit as more and more learning experiences occur in synchronous and asynchronous online learning environments strategies that both welcome students to online sessions and support student learning are increasingly important traditional ice breakers while typically shared with a goal of building community and student engagement can sometimes have unintended or even negative consequences on students this text shares a collection of powerful opening activities that are designed to simultaneously engage students build safe and connected classroom communities and support student learning all strategies are easily adapted and personalized to fit individual course and content needs including face to face synchronous online and asynchronous online learning contexts shared activities are aligned with associated learning science research and incorporate strategies that have been shown to support student engagement and learning such as retrieval practice active recall spaced practice and interleaving among other evidence based instructional strategies

master s thesis from the year 2017 in the subject business economics business management corporate governance friedrich alexander university erlangen nuremberg

language english abstract the goal of this master s thesis is to examine the relationship between managerial or and business model innovations bmis in established organizations in order to meet the complexity of the topic this thesis is focused on factors that hinder or help managers in recognizing business opportunities focusing on incumbent firms this paper conducts further research to identify the main influencing factors including challenges vulnerabilities and obstacles the thesis is divided into six parts starting with a brief description of the research topic including the problem position and objective second a literature review is conducted to summarize the state of research including theoretical foundations in today s scientific literature the two fields of research bmi or are by no means treated independently from each other for the time being bmi and or are considered independently of each other it is then shown exactly how current literature treats managerial or with respect to bmi the results are then synthesized into a summary highlighting what is known and not known the areas of controversy in the literature are identified and questions are formulated that need further research the third part of the thesis consists of expert interviews derived from the literature review a guideline for interviews is developed to treat the research gaps in an appropriate way and to meet the complexity of the task setting the explorative survey aims to identify the challenges and drivers of managerial or in bmi and to identify approaches that have not yet been addressed in scientific literature to a significant extent the core of the analysis is the splitting of the bm into the elements value proposition value creation and value capture this ensures that all the facets of a company s bm are accurately addressed and form the basis for high quality results in order to cover a broad range the paper does not focus on a certain industry the interviews are conducted with an array of decision makers in organizations that have attempted or are currently attempting to innovate their bm at the business unit level or the corporate level
